Technical Skills

- Languages:** Python, JavaScript, HTML, CSS
- Frameworks:** Django, Bootstrap
- Database:** MySQL
- Tools:** VS Code, Git, GitHub
- Concepts:** REST API, CRUD Operations, MVC Architecture

Strengths

- Problem Solving
- Analytical Thinking
- Quick Learner
- Adaptability
- Attention to Detail
- Self-Motivated

Languages

- Hindi: Native
- English: Intermediate

Interests

- Backend Development
- REST API Development
- Web Application Development
- Continuous Learning

Professional Summary

MCA graduate with strong knowledge of Python, Django, MySQL, and REST APIs. Experienced in developing full-stack web applications with a strong focus on backend development. Skilled in designing secure, scalable, and responsive web solutions. Passionate about learning modern technologies and contributing to innovative software development projects.

Education

Master of Computer Applications (MCA)

GLA University – Mathura, Uttar Pradesh Jan 2024 – Dec 2026

Bachelor of Science in Information Technology (BSc.IT)

Kuvempu University – Shimoga, Karnataka

Projects

MediConnect – Doctor Appointment Booking System

Tech Stack: Python, Django, MySQL, HTML5, CSS3, Bootstrap, JavaScript, REST API, Git

- Developed a full-stack web application for doctor appointment booking and patient management.
- Implemented secure role-based authentication for Patients, Doctors, Hospital Admins, and Super Admin.
- Built REST APIs for appointment management and data handling.
- Designed responsive and user-friendly interfaces using Bootstrap.
- Implemented CRUD operations and optimized MySQL database for efficient data management.
- Developed role-based dashboards for appointment scheduling, doctor management, and administrative operations.

Certifications

- HTML – SoloLearn
- SQL – SoloLearn
